

## Meeting 22 March

- everyone is present
- task distribution - yellow
- no time estimation/weight - red
- client needs to be documented -yellow
- testing - yellow
- timely merges into main - red
- Code reviews - red (not equally distributed)
  - Gerrit didn't have any comments
- We need to move faster with the merges
- Discussed deadlines for the work, comments and merges
- Meeting set for every Sunday at 2PM
- Talked about Gerrit issue
- We might get an email from course staff about our progress in this course. Criteria points are sometimes superficial so respond to the email in case you feel there is a mistake.
